

Press Release

September 20th, 2012

intellim Corporation (Headquarters: Osaka, President & CEO: Masakuni UKITA, “intellim”) announced today that intellim established their own subsidiary in Seoul, Republic of Korea (South Korea) in September, 2012.

This is 2nd oversea office for intellim. Those oversea offices make intellim be involved in regional studies for Japanese pharmaceutical companies.

Mr. Ukita made the comments as follows:

“We just met one of our milestones. Our globalization project is still going on. We are structuring our framework for Asian studies now. We will be able to announce our new structure and strategic plan for Asian studies soon.

We are always thinking the best solution for our clients.”

[intellim Corporation]

intellim Corporation was founded in 2005. The service areas are Basic research, Regulatory Consulting, DM/Stats, Monitoring and Audit. Both in-and out-sourcing services can be provided. intellim joined JCROA (Japan CRO Association) in 2012.
